

## News & Updates from SBAC

It's a new year, full of new opportunities for small business. At SBAC, we want to spend this year focusing on YOU - the small business owners and allies in our community. That's why we are bringing back the monthly newsletter, as a way to keep you up to date on what we are doing, what some of our clients and partners are achieving, and what we are looking forward to.

For SBAC, 2019 was a great year. We celebrated 30 years as an organization, and we closed 52 loans worth over \$7.5 million. If you haven't had a chance, check out our [2019 recap video](#). Here's to even greater success in 2020!

Thanks for being a part of our 30 years of supporting small business, and let us know what you would like to hear about in upcoming newsletters.

Sincerely,

Tony O'Reilly

### Upcoming Events

The U.S. Small Business Administration (SBA) and Savannah SCORE invite you to participate in a financial panel discussion. This forum will focus on our communities' economic development power and address one of the biggest issues facing small businesses: securing funding needed for sustainability and growth.

If you need financing to startup or grow, come learn from the financial experts about various tools, resources, strategies and support to meet your financial needs as small business owners.

**FEBRUARY 12, 2020**

### Small Business Spotlight

The new year is when so many resolve to be happier and healthier, making it the perfect time to introduce one of the newest SBAC loan recipients - Aldrjoy IV Hydration Health and Wellness, LLC.

After 15 years as a Registered Nurse, Aldreka Campbell opened Aldrjoy IV Hydration as a health, wellness, and beauty center that uses the science of IV hydration and injection therapy to renew, replenish and revitalize clients in Savannah and surrounding areas.
